André Mogrovejo

Lead Frontend Engineer

As a highly motivated front-end engineer with expertise in React and React Native, I am deeply passionate about crafting user-friendly and responsive web and mobile applications. Possessing robust technical acumen alongside exceptional communication and leadership skills, I am dedicated to delivering top-tier projects that consistently surpass client expectations.

Work experience

Lead Frontend Engineer

Since December 2023 Trade.ec Remote - Ecuador

I currently oversee a dynamic three-person team engaged in two distinct projects utilizing Next.js and Expo React Native frameworks. My role involves leading all client meetings to ensure a thorough understanding of their requirements and project objectives, enabling us to stay ahead of deadlines and deliverables.

Ssr Frontend Engineer

From December 2021 to December 2023 Trade.ec Remote - Ecuador

Developed a platform based on React, including Next.js and React Native/Expo for mobile applications. Our main customer is KFC, along with all their sub-brands such as Appedir, Kioscos, El Español, Wendy's, Juan Valdez, etc.

Frontend Engineer

From December 2020 to December 2021
TECSUP DIGITAL TRANSFORMATION Remote - Peru

Developed a virtual fair registration and administration panel application for Agromin in 2021 based on React with Redux. I have also built administrator panels, auction web pages, and single-page applications, including a video streaming platform, panel administrators, and other single-page applications. We utilized React, AWS and Firebase cloud services for these projects.

Software Engineer Intern
